disaster, and also has aided in relief efforts.<sup>2</sup> Consistent with its prior efforts and its commitment to assisting the nation to recover from this national disaster, Cingular wishes to receive the special designation established in the *Katrina Order* to provide Lifeline and Link-Up assistance to qualified individuals.

**I. CINGULAR WILL PROVIDE A PLAN CONSISTENT WITH THE  
*KATRINA ORDER***

Cingular will provide a plan consistent with the *Katrina Order* to qualified individuals, as described in Exhibit A. As described therein, the plan will include options for new customers as well as existing customers. ## **II. CINGULAR WILL OFFER THE PLAN ONLY TO QUALIFYING SUBSCRIBERS**

Consistent with the *Katrina Order*, Cingular proposes to offer the plan only to heads of households approved for individual FEMA housing assistance and determined by FEMA to be eligible for such individual housing assistance, without repayment obligations, relating to Hurricane Katrina. Cingular will confirm that such individuals reside (or resided, at the time of the hurricane) in one of the counties in Louisiana, Alabama, or Mississippi identified as eligible for individual FEMA assistance in the appendix to the *Katrina Order*. Given that many individuals affected by Hurricane Katrina are currently residing in other states, Cingular proposes to make this plan available to customers who currently reside anywhere in the United States that Cingular provides service, provided that the customers certify that they resided in one of the qualified counties or parishes at the time of the disaster and are otherwise eligible for the assistance as provided in the *Katrina Order*.

Cingular will verify the qualifications of participants in the following manner. Cingular will allow new and existing customers to enroll at Cingular Owned Retail ("COR") Locations. In addition, Cingular will allow existing customers to submit a certification form via US Mail.

### **COR Locations:**

- Customer will complete the attached Hurricane Katrina Lifeline Certification of Eligibility (attached hereto as Exhibit D) and must provide a FEMA authorization letter or proof of funds received from FEMA.
- Cingular Employee will verify government-issued identification, preferably photo identification.
- Cingular Employee will enter customer information into the Cingular Hurricane Katrina Lifeline database to confirm customer (and household) has not received a Lifeline package from Cingular. Information is validated against all other records in the database on last name, current address, social security number and wireless phone number.
- Upon verification, Cingular Employee will process transaction.
- For new customers, fulfillment of the phone and minutes will occur in the store.

- For customers choosing the existing customer offers, credit to wireless account will occur within 5 business days based on information from the Cingular Hurricane Katrina Lifeline Database. Customers whose information cannot be processed based on the database will be contacted within 15 days by text message.
- Cingular reserves the right to deny a Lifeline package after the initial validation and entry to the database if Cingular finds reason to believe the request is a duplicate for any wireless number or household or the customer is otherwise ineligible.

**Mail-In Process for existing customers:**

- Cingular will make the Certification of Eligibility form available to existing customers on its website with a specific URL to be created.
- Customer will print and complete the Certification form.
- Customer will send the certification form, a copy of their identification and FEMA letter/proof of payment to a specified P.O. Box.
- A third-party vendor will be contracted to process the certification forms, using the Cingular Hurricane Katrina Lifeline Database to validate that customers have not received a Lifeline package from Cingular.
- Credit to the customer's wireless account will occur within 5 business days based on information from the Cingular Hurricane Katrina Lifeline Database. Customers whose information cannot be processed based on the database will be contacted within 15 days by text message.
- Cingular reserves the right to deny a lifeline package after the initial validation and entry to the database if Cingular finds reason to believe the request is a duplicate for any wireless number or household or the customer is otherwise ineligible.

**Documentation Retention**

- Cingular is mandating all COR locations and third-party vendor submit all documentation to our scanning vendor for record retention on a weekly basis and these records will be retained for three years. Documentation will be made available to the FCC for audit via an optical viewer.

## CONCLUSION

Cingular requests designation as a special ETC on a nationwide basis for purposes of providing low income universal service assistance to individuals affected by Hurricane Katrina, consistent with the *Katrina Order*.
